The screenshot displays the IBM Watson Studio interface. At the top, there's a navigation bar with 'IBM Watson Studio', a search bar, and user account information. Below this, the 'Deployments' tab is selected, showing a table of deployed models. A notification bubble indicates that the online deployment 'Fertilizer Rec' is ready to accept requests. The table lists one deployment: 'Fertilizer Rec' with a status of 'Deployed' and a last modified time of '38 seconds ago'.

Name	Type	Status	Asset	Last modified
Fertilizer Rec	Online	Deployed	CNN	38 seconds ago ishwarya ravi (You)
